

Officer Favela requested MOT (Mobile Outreach Team) respond to Starbucks on Marvin Road NE, to assist a stranded elderly female. The female was confined to a wheelchair due to previous strokes, and she has current active medical conditions. MOT responded and assisted with getting the female to a downtown Olympia shelter. However, the shelter currently did not have a spot for her. MOT reached out to Olympia CRU (Crisis Response Unit) to see if they had any beds available, but they did not. MOT requested the use of the True Responders card to get her a hotel room for 1 night. Sergeant Brimmer brought the True Responders card to MOT and secured a hotel room for her.

Tomorrow morning the female will be working with Sidewalk (outreach organization in Olympia) to get a Greyhound bus ticket to Spokane. A receipt will be provided to Commander Mack
