At approximately 0613 hrs, Lacey Officers responded to a domestic violence incident at the Day's Inn (8200 Quinault Dr. NE). During the course of the investigation, it was discovered a family member had physically assaulted three other family members at the location.

The female suspect was eventually located and taken into custody. However, due to the circumstances of the incident, the three victims involved had lost access to the hotel room. Attempts to find additional lodging resources were met with negative results which would have left the victims without a place to stay.

The True Responders card was utilized to purchase a one night stay at a local hotel until alternate accommodations could be found for the victims.
