

True Responder Card –

At approximately 2230 hrs, Lacey officers responded to an unwanted/welfare check call at Denny's. It was reported an elderly female had been at the location for an extended time and that she would not leave and would not pay for her food. Upon arrival, officers determined the 70 year old female was suffering from dementia, was confused and did not have any ability to pay for the meal. Lacey officers retrieved the True Responders card and paid the balance for the female's food (\$32.23). Officers were eventually able to locate a local residence for the female and she was returned home.
