TR Chair Braniff,

On May 28, 2022 Lacey units responded to a mental disturbance at the Britton Place Apartments. A female was advising that her adult son was having a mental health episode and needed to be removed from the home because she was in fear of her safety. A mental health provider was unsuccessful at getting the male to accept resources.

Lacey Officers spent over an hour trying to navigate a reasonable resolution to the event to ensure that the son's mental health issues were addressed and the mother would be safe.

It was decided to use the TR card to obtain a hotel room to separate the mother and son so de-escalation and natural separation could occur. The son was taken to a local hotel by Lacey Officers and provided a room for one evening.

The TR card was charged \$434.70. When the Sergeant picked up the hotel receipt he inquired about the large charge (\$434.70). The Hotel (Holiday Inn Express) advised that the card was charged an additional \$250 because the male tenant had smoked in a no-smoking room, subsequently requiring the additional charge for cleaning.

I am sorry and accept responsibility for the additional funds that were utilized for this event. I will speak with my Sergeants at our June meeting and we will ensure that any smokers be placed in a smoking room to avoid any like issues in the future.

Also, if possible, may we have the card reloaded to the maximum level.

Again, I want to thank you and the Board for providing us the opportunity to utilize your resources to assist with solving problems in our community. The partnership is truly valued!!

Stay safe,  
JM
